ARTWEST

A series of curated art exhibitions throughout the Adelaide West End Precinct

View innovative works by the next generation of artists and designers. Be a part of the ArtWest experience. Artworks are on display over 2 weeks from 27th May to 6 June 2010

Vacant spaces, shop windows and trader's walls are utilised to showcase the contemporary artwork being generated by current students of the University of South Australia, South Australian School of Art and TAFE SA, Adelaide Centre for the Arts and selected other artists

The diverse range of mediums covered include: sculpture, photography, painting, installation, textiles, furniture, drawing and printmaking.

Curated and managed by Brigid Noone and Andrew Wallace, ArtWest is presented by the Adelaide West End Association, partially funded by the Adelaide City Council and supported by DB Magazine, McDonald's West Terrace, BBX and Renew Adelaide.

RENEW ADELAIDE

Ever had a great plan for a business, art or community space, but couldn't get past the idea of long term leases and major financial commitment? Ever walked around the city and wondered what could be done about all the empty shopfronts, warehouses and office spaces? Enter Renew Adelaide, a volunteer run urban renewal program that places community projects and creative initiatives into empty or under-used spaces at low or no cost via a license to access agreement. Renew Adelaide follows on from the successful Renew Newcastle model which now boasts over 50 projects launched in eighteen months!

In the next few weeks Renew Adelaide is set to launch a range of projects including a reading room, a bicycle workshop, a t-shirt retail and manufacturing space, a web development think tank, and even a 'renewed' garage door and billboard! Keep your eyes peeled and your ears to the ground as they finalise arrangements and set official move-in dates.

Renew Adelaide is proudly supported by the Adelaide West End Association, ArtWest, Kambitsis Group, Adelaide City Council, Carbon Planet and the UniSA School of Art, Architecture and Design along with a large amount of invaluable community support.
